UST as the Flashlight pierces through the night, our Price Power penetrates into every Wichita home. Our energies are ever bent to keep for our customers just what they want-when we haven't got it, we get it for them. It is an undisputed fact that we have now the largest stock of merchandise of any Department or Dry Goods Store in Kansas. Every department, every counter greets with you the newest from loom and factory. We take especial pains as to the comfort of our customers, and one prominent feature of this store is that no one is under obligations to buy when they come here. We give all visitors and sight seers a cordial welcome. This is "Your Store" and we'll always be glad to have you come and look as long as you like. All prices in "Your Store" are marked in plain figures, showing that we have confidence in their rightness and giving you confidence in their fairness. When we find a wrong price we mark it down, and your children can trade here as safely as the shrewdest shopper. We have improved and increased our stock, until today, for quality, for variety and for quantity this store has no equal in Southern Kansas. Our low prices have made it hard work for competition to follow our lead, and they have made us the Biggest and Busiest Store in all Wichita. Tomorrow we have some fresh values that should greatly interest all intending purchasers.
